PLEASE CALL ME ON THIS -- My knee-jerk thinking is that it is not our duty to disclose this information - UNG involvement is technically a coverage issue between them and Cirrus. If Cirrus feels the need to disclose this to defense counsel - so be it. It should be left up to them. Disclosure at this point may only serve to complicate things.

Fyi...Terry doesn't know that United National is involved. I did not tell him and will not until you tell me it's ok.
